**Lawn Care & Landscaping**

**Business name** _____ **Trade** _____ **Date** _____

Your general liability policy covers damage you do to **other people**. It does **not** cover your own tools. Use this sheet to list your gear so you know what you would need to replace, and what to insure.

> **Two ways to cover gear (they combine): Scheduled** = each item over $2,000, listed by name. **Unscheduled** = items under $2,000 each, covered up to the total limit you choose without naming them. Example: $10K zero-turn scheduled + $10K unscheduled = $20K total.

## WHERE YOUR GEAR IS AT RISK

**In the truck**
Smash-and-grab at gas stations, lunch stops and overnight in the driveway. Trailers get hitched up and gone in minutes.

**On the job site**
Most tool thefts happen in the field: open trailers, unattended job boxes, gear left in the yard.

**At the shop**
Break-ins, fire and storm damage. Many policies only cover tools here. Tool Shield covers truck, job and shop.

Tips: take a photo of every item and its serial plate · keep receipts in your phone · update this list when you buy new gear.
